

Podiatric Medicine and Surgery

RESIDENCY PROGRAM AT
**Westside Regional
Medical Center**

Welcome to the Podiatric Medicine and Surgery with Reconstructive Rearfoot/Ankle Surgery Residency Program at Westside Regional Medical Center

The Podiatric Medicine and Surgery with Reconstructive Rearfoot/Ankle Surgery Residency Program at Westside Regional Medical Center is part of the HCA Healthcare Graduate Medical Education network. HCA Healthcare is the nation's leading provider of quality, patient-centered care. We are also the leader in graduate medical education, all brought together by a single mission:

Above all else, we are committed to the care and improvement of human life.

CASPR #: 0535

Salary

PGY1	PGY2	PGY3
\$54,267	\$55,869	\$57,637

The rigorous three-year Podiatric Medicine and Surgery with Reconstructive Rearfoot/Ankle Surgery Residency Program accredited program at Westside Regional Medical Center exposes residents to all aspects of foot and ankle surgery with a volume of cases unmatched throughout South Florida.

Monthly simulation laboratories, formal didactics, research and clinical encounters further develop the resident's exemplary skills to help produce nationally recognized foot and ankle surgeons in large orthopedic and multispecialty groups.

I encourage medical students to visit and experience the program's unique structure which fosters the intellectual curiosity and creativity of our profession's future leaders.

Sincerely,

Steven Spinner, DPM

Program Director

Our Faculty

Steven Spinner, DPM, FACFAS

Program Director

Dr. Spinner completed residency training at Peninsula Hospital Center in New York, after which he relocated to South Florida to enter private practice. He is board certified by the American Board of Foot and Ankle Surgery (ABFAS) and is a Fellow of the American College of Foot and Ankle surgeons (ACFAS). Past-president of the ABFAS.

Fredric Chussid, DPM, FACFAS

Associate Program Director

After graduating from New York College of Podiatric Medicine Dr. Chussid relocated to South Florida where he completed his residency at Southeastern Medical Center, and Fellowship training at Universal Medical Center. He is board certified by the American Board of Foot and Ankle Surgery (ABFAS) and is a fellow of the American College of Foot and Ankle Surgeons (ACFAS).

Arthur Segall, Jr., DPM, FACFAS

Dr. Segall Jr. received his Doctorate in Podiatric Medicine from Barry University School of Podiatric Medicine and then completed his residency training at Hialeah Hospital and Palmetto General Hospital. He is board certified by the American Board of Podiatric Medicine (ABPM) and received his board certification in foot surgery from the American Board of Podiatric Surgery.

John Goodner, DPM

Dr. Goodner is a board-certified foot and ankle surgeon who specializes in treating foot, ankle, and leg injuries in children, teenagers, and adults.

Daniel Bell, DPM, FACFAS

Dr. Bell graduated from Barry University College of Podiatric Medicine and completed his residency training at Kendall Regional Medical Center in Miami. He is board-certified in American podiatric surgery, a member of the American Academy of Podiatric Sports Medicine, and a member of the American College of Foot and Ankle Surgeons.

Alberto Herrada, DPM, FACFAS

After graduating from Barry University College of Podiatric Medicine in Miami, Dr. Herrada completed training at Tarzana Regional Medical Center in Los Angeles.

Adam Oxios, DPM

Dr. Oxios completed his residency training at Westside Regional Medical Center and specializes in Podiatric Foot & Ankle Surgery.

Clive Woods, MD

Dr. Woods is a board-certified Orthopedic surgeon who specializes in foot and ankle conditions.

Madelin Ramil, DPM, FACFAS

Dr. Ramil graduated from Barry University College of Podiatric Medicine. She is Board Certified in foot surgery by the American Board of Foot & Ankle Surgery (ABFAS) and is an active fellow in the College of Foot & Ankle Surgery.

Warren Windram, M.S, DPM, CWS, FACFAS

Dr. Windram graduated with his Doctorate Degree in Podiatric Medicine from Barry University College of Podiatric Medicine. Followed by the completion of his podiatric surgical residency program at Jackson North Medical Center. Dr. Windram specializes in foot & ankle reconstructive/trauma surgery, with a particular interest in total ankle joint replacement surgery.

About HCA Healthcare GME

HCA Healthcare is a comprehensive healthcare network with over 275,000 colleagues across more than 2,000 care facilities all committed to creating a positive impact every day. We continually invest in our colleagues and facilities to better serve our patients and local communities. The Graduate Medical Education (GME) programs seek to inspire tomorrow's physicians to care for and improve human life by focusing on patient-centered approaches to practicing the latest evidence-based medicine.

To learn more about the benefits and expectations of training with an HCA Healthcare program, view our [Resident and Fellow Manual](#).

Scholarly Activity

HCA Healthcare Graduate Medical Education provides a critical link between vigorous scholarly activity and real-world patient care from a sophisticated data repository of more than 32 million patient encounters each year.

2,500+ HCA Healthcare GME scholarly activities in 2020-21.

Clinical Training

Each year approximately five percent of all U.S. hospital services happen at an HCA Healthcare facility, including:

32+ million patient encounters
7.4 million emergency room visits
215,000+ babies delivered

HCA Healthcare Graduate Medical Education is a leader in clinical experience.

- Nationally known physician expertise across the country
- Investments in facilities allowing the advancement of patient care
- High emphasis on simulation results and low patient incidents
- Higher patient touch than academic facilities
- Annual collaborative mass casualty event team training

A commitment to scholarly activity

Based on more than 32 million patient encounters each year, our scholarly activity bridges the gap between compelling evidence and exceptional patient care.

Our experiential learning is rooted in evidence-based medicine that leads to innovative, **real-world patient health solutions**.

Merging the rigor of **ACGME** accreditation with high patient touch, our residents and fellows deliver evidence-based care that demonstrates our mission to care for and improve human life.

We offer **National Grand Rounds** that leverage accomplished clinical expertise from across HCA Healthcare, bringing the nation's leading medical experts to our residency and fellowship programs.

Influential Collaboration

HCA Healthcare residents and fellows have access to talented, highly skilled teams of faculty, industry experts and dedicated researchers to guide them through their journey. Residents and fellows produce evidence that drives future practice by leveraging HCA Healthcare's national clinical data warehouse – the heart of our data ecosystem.

HCA Healthcare Scholarly Commons is a platform to collect, share and publish the variety of academic work created by the Graduate Medical Education community. During 2020, readership of those works eclipsed the 25,000 mark. Included on this platform is the **HCA Healthcare Journal of Medicine**, a peer reviewed scientific periodical focused on innovation, enhanced quality and developing new knowledge in clinical care and medical education for the benefit of all patients. In its first year of publication, the journal disseminated 86 articles in six issues as well as a seventh special issue on the COVID-19 pandemic.

About HCA Healthcare

HCA Healthcare is one of the nation's leading providers of healthcare services and is comprised of 186 hospitals and more than 2,000 sites of care including surgery centers, freestanding ERs, urgent care centers, diagnostic and imaging centers, walk-in clinics and physician clinics in 20 states and the United Kingdom. With its founding in 1968, Nashville-based HCA Healthcare created a new model for hospital care in the United States.
